Bluewater Gymnastics Club Responds to Charges against Dave Brubaker

SARNIA, ON (December 15, 2017) - The Bluewater Gymnastics Club Board of Directors was shocked and troubled by the news of charges against Dave Brubaker, the Club Director. Mr. Brubaker was immediately placed on indefinite unpaid leave. He will not be involved in any activities of the Club and is not allowed on the premises.

The Board of Directors wants to reassure our participants and their families that their best interests are the top priority and all necessary measures are being taken to continue programming as usual and to maintain our long tradition of program excellence in a healthy and safe environment.

The Bluewater Gymnastics Club was informed of charges late on December 14th, 2017 and retained legal counsel immediately. The Board will not be making any further comments with regard to the legal proceedings for Mr. Brubaker. Parents and members may contact the Club at the phone number or email address listed above if you have any questions, and a member of our executive will reach out to you as soon as possible.

The Bluewater Gymnastic Club is a parent run organization and the Board wants to thank our more than 700 members and their families, and our community, for their ongoing support.
